

# VINEA DOMINI

## ROMA DOC BIANCO

Central Italian DOC wines are characterised by strict and rigorous production regulations. The DOC Roma, published recently, however, is characterised by a set of modern regulations which aim to interpret modern consumer tastes while respecting the ampelographic tradition of the province of Rome.

Vinea Domini Doc Roma, in its white version, is produced with Malvasia Puntinata, a semi-aromatic varietal that in the Castelli Romani area finds a perfect harmony. In the glass, you will be delighted by white flowers and exotic fruits aroma.

## VARIETAL CHARACTERISTICS

Citrus, minty, fragrant, intense, charming.

### DENOMINATION:

D.O.C. (Denominazione di Origine Controllata)

### TYPE OF SOIL:
